### One Year Certifications

We offer annual and bi-annual certification service on all Metrotech locators in order to assist you with safety demands and requirements.

Receive free certification with your purchase of a new Metrotech locator, good for one year or 6 months according to your company's requirements.

### Basic Pipe Locating Techniques Training Course

Interested in learning how to use your new equipment?  
We also offer a training course which covers that and more. Ask for details.
